EroWiT Rims

About Us

Yigong International is specialized in designing and distributing bicycle rims, especially high sectional rims. We collect almost all featured rims in China to serve the domestic and international users. And also we can provide customers with quality products as per requirements. Our rims are never just common ones but luxury and high level, which can make your bicycle special at first sight. Here is the very point to make your bike different, **NOW**, contact us!

Our Rims

EroWiT

is our brand, which is written in green, means that we advocate green and low carbon style life, rolling on our rims will make you enjoy the happiness from riding and health life style. Moreover, our rims are never average ones but to present personality and characteristic style, riding will be attractive and way to make you different. Now is the time to know more about these round creatures.
